Working Together

School is a very special time in all children's lives.

Children come to school to learn and those with a strong sense of well being, are more able to make the most of the opportunities available to them.

We want our children to develop into capable, competent, creative, caring adults who are concerned for themselves, others, and the world at large.

Our aim is to work in close partnership with you as you know your child best.

We can most successfully support children with SEND when parents and schools work in close partnership together.

How does Buckfastleigh Primary School support a child with SEND?

We follow the Devon Graduated Response Cycle

Assess: We monitor children closely and identify their needs.

Plan: We plan interventions and activities that the children may need.

Do: For up to half a term, children will participate in the interventions and activities that we have planned.

Review: We will review the progress that children have made and then start the cycle again accordingly.

What should I do if I think my child has special educational needs?

Please talk to us. The first point of call is to talk to your child's class teacher.

The class teacher may decide to organise a meeting with the Special Educational Needs Coordinator (SENDCo), Rosina Kellman.

At that meeting we will:

- Gather views and aspirations of your child
- Listen to any concerns you may have
- Plan any additional support your child may need.
- Discuss any referrals to outside professionals to support your child.
